

IMPORTANT UPDATES ON COVID-19

To: Physicians, Nurse Practitioners, Nurses, and Midwives
Hospital Infection Control Departments and Emergency Departments

Important updates are included in this alert.

Interim Guidance for fully vaccinated individuals

The purpose of this [interim guidance document](#) / [French version](#) is to supplement the Management of Cases and Contacts of COVID-19 in Ontario guidance with updated recommendations for case and contact management of *fully vaccinated* individuals in Ontario.

This interim guidance **does not** apply to individuals who have an incomplete vaccine series (i.e. those that only received the first dose of a two-dose vaccine series or individuals <14 days after receiving their first dose of a two-dose vaccine series, or individuals <14 days after a one-dose vaccine).

What to do after your COVID-19 test

A new resource has been developed for distribution to clients that have been swabbed for COVID-19. The purpose of this document is to ensure consistent messaging and reduce confusion among residents across the district (please see attached).

THU will ensure that this document stays current and updated copies will be shared as needed.

If you have any questions or concerns, please contact your local

Timiskaming Health Unit:

Monday to Friday

8:30 a.m. – 4:30 p.m.

New Liskeard
