# THE COST OF EATING WELL IN TIMISKAMING

2022

1 in 5 households in Timiskaming is food insecure

The risk of food insecurity is highest among low income families/individuals, female lone-parent households with children under 18 yrs. old, households with employment insurance or social assistance as the main source of income, home renters, and specific cultural/racial groups, most notably Indigenous, Black, and Arab /West Asians.

This means they have inadequate or insecure access to food due to financial constraints.

of the Timiskaming population lives with low income

The cost of food in **Timiskaming** for a family of four per week is

## **Monthly Income Versus Expenses**

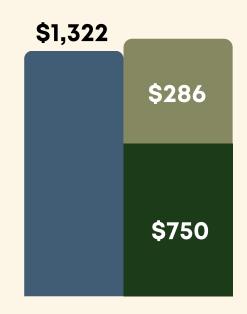

**Family of Four** (2 Parents & 2 Children) on Ontario Works

\$2,780 \$1,152 \$1,400 One Person Household (Adult 31-50) on Ontario Works

One Person Household (Adult 31-50)

on Ontario Disability **Support Program** 

**Monthly Money Left for Other Expenses** 

\$228

-\$290

**- \$32** 

#### THIS DOES NOT ACCOUNT FOR OTHER EXPENSES:

- Utilities (hydro, heat)
- Transportation (vehicle expenses, taxi, gas)
- Healthcare (dental, medications, vision)
- Communications (phone, internet)
- Household and Personal Items (clothing, pets, gifts)
- Children (school supplies, childcare, sports)

#### WHY IS THIS IMPORTANT?

People who are food insecure must choose between having enough food and eating well or paying for rent and other necessities.

They are forced to choose cheaper, more processed foods or skip meals.

They are at an increased risk of chronic diseases such as diabetes, heart disease, high blood pressure and poor mental health.
