February 8, 2021

Dear business owner/operator,

I am writing to inform you that the provincewide shutdown and stay-at-home order have been extended in Timiskaming district until February 16. For more information, please see our [media release](#).

For details about the restrictions that are currently in place, see the [provincewide shutdown framework](#), its accompanying [regulation](#), and the [stay at home order](#).

All current restrictions will remain in effect until February 16. No new non-essential businesses will be able to open to the public until this time.

Once local trends of key public health indicators have improved, our region will transition back to the province's COVID-19 Response Framework. The Framework will have some new and modified measures in place. Full details of the measures will be available [here](#) and will be communicated to you when our district's restrictions change.

Note that Timiskaming Health Unit has updated our website to include a new COVID-19 page for businesses. This page includes information about masking requirements, an employer toolkit and communications resources, and sector-specific guidance and resources. Click [here](#) for more information.

If you have any questions, please refer to the links above or contact the Timiskaming Health Unit at 1-866-747-4305.

Sincerely,

Dr. Glenn Corneil

Acting Medical Officer of Health/CEO
